

Before the  
FEDERAL COMMUNICATIONS COMMISSION  
Washington, DC, 20554

In the Matter of                    )  
Creation of a Low                    )  
Power Radio                        )  
Service                                )

MB Docket No. 99-25

My name is Frank Bercik and I strongly support any actions the Federal Communications Commission can take to expand and support the Low Power FM radio service.

I strongly support any actions the Federal Communications Commission can take to expand and support the Low Power FM radio service. Also, please allow rural communities to have the originally proposed 1000 watts instead of 100 watts that was allocated due to the lobbies of NAB and NPR. Our station, WXCS-LP 92.9, does not reach 3-5 miles due to encroachment by stations in Buffalo and Pittsburgh, both of which are over 100 miles away. We just want our announcements to be able to reach the area of our local school district and community.

WXCS has strong community support and it is imperative that we are able to broadcast to the local people and not have interference from larger
